SUBJECT: Management Objective 

e. OP take positive individuals the information in the computer systems. (A copy of their FY 1977 management D.)

3. As he discussed with you at the Morning Meeting of 28 September, he intends to conduct two types of management conferences during the coming year. The first series of conferences will address "regular" objectives with each Office Director in a mode similar to that followed in the past. The second series of conferences will cover objectives involving ADP activities in which ODP has some degree of involvement. The Directors of those Offices that are concerned will meet in joint session at these management conferences.

4. The agenda for the management conferences that are scheduled for October (confirming updated schedule--Attachment B) will provide the opportunity for review of the action plans for the "regular" FY 1978 objectives and for the final report on the status of FY 1977 objectives as described in referent b.

5. Formulation of a pattern for the FY 1978 joint management conferences on ADP objectives has not been completed as yet. As mentioned by Mr. Malanick at his Morning Meeting, he plans to hold the ADP management conferences less frequently than the bimonthly conferences for "regular" objectives--perhaps at 3 or 4 month intervals. Thus, it is anticipated that the first joint management conference on ADP objectives will not be held before January 1978. We will advise you of the design for the FY 1978 ADP management conferences as soon as it is finalized.

Proposed Objectives

OFFICE OF PERSONNEL

NUMBER: OP-24-78

SHORT TITLE: Creation of a CIARDS Retirement Services Center.

STATEMENT OF OBJECTIVE: Develop a CIARDS Retirement Services Center by combining the Annuitant Section of OP/RAD with the CIARDS Unit in the Office of Finance. The physical and organizational location of the new Center within DDA will be determined later.

EXPLANATION: Both the Op/Annuitant Section and the OF/CIARDS Unit are involved with matters pertaining to CIARDS annuitants and frequently must coordinate with each other in the preparation of correspondence responding to questions or problems raised by CIARDS retirees. Thus, it appears logical from a work efficiency standpoint to co-locate and combine these two units organizationally. Such action should result in prompter response and may possibly result in some saving in total person-power requirements. With the continually increasing number of CIARDS annuitants and/or their survivors or dependents expected over the next 10 or 15 years, the workload and importance of this activity will continue to grow.

COORDINATION: Coordination with the Office of Finance obviously would be required, but this has not been attempted because of the short deadline involved in the submission of the FY 78 objectives. Coordination with the Office of Logistics also would be required in so far as office space is concerned.

GOAL: This objective supports the Directorate goal for improving the effectiveness of its activities.
